Prime Minister of Canada

Dear Prime Minister,

I am sending you this postcard to bring your attention to the fact that at least 3.7 million Canadian children have been killed by induced abortion between 1969 and 2014.

The Canadian Charter of Rights and Freedoms states, ***"Everyone has the right to life, liberty and security of the person and the right not to be deprived thereof..."***

The current legal status of the child in the womb in Canada is based on antiquated law, despite technological and scientific advances which allow us to see this youngest member of the human family. At seven weeks the child's heart has beaten 7.41 million times! I call on you Prime Minister to extend legal protection of life to every Canadian from their biological beginnings.

Sincerely,
